

## Francesco Dionori

Chief of Transport Networks & Logistics Section Sustainable Transport Division, UNECE

As Chief of the Transport Networks & Logistics Section within the Sustainable Transport Division at UNECE Francesco leads and oversees the activities of UNECE in Inland waterways (SC.3), rail (SC.2), Intermodal transport (WP.24) and Transport Statistics (WP.6) focused on administering a number of international Conventions and developing a robust regulatory framework in the various sectors. Previously, Francesco started his career in the Rail Regulatory body for Great Britain, and subsequently worked for more than 10 years for the international transport consultancy Steer Davies Gleave where his activities focused on projects in the rail, road, aviation, and maritime sector. In particular managing a number of impact assessments for the European Commission as well as a number of projects for the European Parliament and private sector transport companies.
